

# BERRY CLEAN

Raspberry Scented Solvent/Cleaner/Degreaser/Stripper  
VOC Compliant

## DESCRIPTION

**BERRY CLEAN** is a cost effective, natural raspberry scented, cleaner/degreaser concentrate. **BERRY CLEAN** will effectively remove grease, grime, many types of carpet/tile cutback adhesives and other contaminants from architectural concrete and other surfaces. **BERRY CLEAN** will also remove acrylic and resin concrete curing compounds from concrete surfaces.

**BERRY CLEAN** can be diluted in water to offer added versatility and can eliminate the need to stock multiple cleaners. Standard harsh cleaners and degreasers are high in VOC's and restricted from use in many parts of the country.

**BERRY CLEAN** is VOC compliant (less than 25 grams/liter) with a pleasant raspberry scent.

## FEATURES/BENEFITS

- Complies with all national VOC Regulations
- Meets stringent VOC for SCAQMD/OTC/CA./VA (with less than 25 grams/liter)
- Water dispersible for easy clean-up and versatility
- Removes residual acrylic & resin curing compounds
- Pleasant raspberry scent

## APPLICATION

**Coverage:** Concentrated **BERRY CLEAN** is ready-to-use on tough jobs or follow the recommended dilution table. Field test to determine the optimal concentration for the specific application.

The product will turn white when diluted with water. When using **BERRY CLEAN** diluted in water, lightly agitate before each use.

<i>Application</i>	<i>Recommended Dilution with water</i>
Heavy Stains, Tire Marks, Cures Cutback adhesives	No Dilution
Industrial/Institutional Warehouse Floor, General Cleaning	1 part to 1 parts water

**Use:** Scrape off excess accumulations of grease, grime and contaminants. Apply **BERRY CLEAN** to the floor or stain either as a concentrate or at the recommended dilution rate.

Spread uniformly over the surface and allow product to penetrate for approximately 5 minutes. **BERRY CLEAN**'s unique blend of emulsifiers and wetting agents allow maximum penetration for effective cleaning.

Lightly applying water to the treated area will keep the **BERRY CLEAN** in solution and extend the dwell time.

## APPLICATION (cont)

Scrub area with a stiff plastic broom or a power floor scrubber. Stubborn stains may require additional treatments.

Thoroughly rinse the entire area with clean water.

Stripping acrylic curing/sealing and resin curing compounds will require an undiluted application, keeping the material wet with itself for 20-30 min. Then apply water while scrubbing and vacuuming up the residue.

Heavy build up may require additional treatments to completely remove.

## STANDARDS

**BERRY CLEAN** is compliant with SCAQMD, California and Virginia VOC regulation for Cleaners/Degreasers (VOC less than 25 grams per liter)
