

High-gloss acrylic sealer (ASTM C1315 Class A)

SURFACE SHINE is a transparent, high gloss, nonyellowing acrylic polymer engineered as a cure and seal specifically for exterior surfaces such as exposed aggregate, natural stone, brick, quarry tile, terrazzo, and other concrete surfaces. It is also suitable for interior applications.

This non-yellowing, durable sealer enhances the appearance of all treated surfaces with a high gloss sheen.

✓ Benefits

- Beautifies and protects stamped concrete, acid stained concrete, integrally colored concrete, and exposed aggregate
- Minimizes efflorescence
- Protects sealed surfaces from damaging effects of deicing salts and acid rain
- Provides resistance to abrasion and a wide range of chemicals and oils
- Will not yellow under extreme UV exposure
- Acts as a binder to minimize aggregate pop-out

Usage

- Exposed aggregate
- Natural stone
- Brick
- Quarry tile
- Terrazzo
- Interior and Exterior

Standards

- Meets ASTM C1315-95, Type I
- VOC Content: Less than 700 g/L.
- Complies with Federal VOC standards for Curing and Sealing compounds. Do not thin or dilute.

Packaging

- 55 gallon drums (208.2 L)
- 5 gallon pails (18.93 L)
